PREFACE

It is indeed a matter of great pleasure and honor for Kalidasa Sanskrit University, Ramtek to have the opportunity of hosting the 50th session of the All India Oriental Conference at Nagpur. This AIOC-50th session is one that will be ever remembered by all as the year 2019-2020, the 100th year of Centenary Celebration of AIOC, which was first held in 1919 with which the great scholars of yesterday and today have met and established this national academy. The All India Oriental Conference has been achieved through the scores of young scholars contributing their knowledge through their research.

The research of yore and of the present has been recorded so as to make it easily available to the future. Knowledge and wisdom in the years to come will be contemplated to commemorate the 50th session of AIOC by way of publishing books on different subjects in four languages, Hindi, Marathi and English. It is no doubt a task still worth of it, for the reason that the research will inspire many young scholars to take up the research of the oriental subjects with interest and enthusiasm.

The AIOC Centenary Publication Series covers a wide range of subjects like Literature, Language, History, Sanskrit Grammar, Law, Children Literature, Astrology, Ayurveda, Pali, Prakrit, Music, Library Science, Poetics, Aesthetics, etc. It also includes reprint of some rare texts which have gone out of print and are being reprinted to mark this centenary celebrations with a view to preserving the glory of the past and aspirating towards a better future. My sincere gratitude to all the scholars who have kindly contributed their research papers for publication.
