Karnataka Samskrit University

KSU was established with the objective of promoting higher learning, and research in Samskrit language & literature; particularly in the context of its relevance in the modern world. The unique feature of the university is that it welcomes students across all ages. Over the years, it has successfully attracted young as well as experienced professionals looking for career change post midlife to pursue alternate careers. Two constituent colleges and two research institutes are working under KSU. The University also oversees 32 affiliated colleges.

With the current dynamic situation and disruption of the old ways of teaching, faculty in universities and colleges need to keep pace with the new demands while ensuring that the quality of teaching does not suffer.

KSU is organising a faculty development program on “Excellence in Creative Teaching and Research” in order to enable the faculty of KSU, its affiliated centres and other Sanskrit varsities to continuously upgrade their teaching skills.

Dear Sir,

Sub: Workshop in collaboration with NAAC- for accreditation process

The Karnataka Samskrit University (KSU), established in the year 2010, with a humble beginning, now has progressed to become an Established Sanskrit University in Karnataka. It may not be incorrect to say, that KSU has progressed by leaps and bounds during the last 11 years. Currently there are three Research Campuses. one centre at Melkote for preservation of ancient manuscripts and other affiliated colleges numbering to 31.

It is our earnest desire to take the University to greater heights and to be on par with other leading Universities in and out India. In this ambitious task, the support and guidance of NAAC will be of paramount importance to KSU.

It would be relevant here to recall the suggestions given by Hon'ble Minister for Higher Education, Government of Karnataka, during the month of Feb 2021. The Hon'ble minister has opined that "All Universities and affiliated Colleges should necessarily have the credentials of NAAC Accreditation."

In line with this suggestion of the Hon'ble Minister, we in KSU are planning to organize a workshop for Directors and Coordinators of IQAC (Internal Quality Assurance Cell). All colleges and Universities are expected to send their representatives to participate in the Workshop, wherein the Accreditation structure would be thoroughly discussed with reference to Preparation, Application and Implementation for the benefit of all concerned.

With this grand vision in mind, we propose to conduct a two-day Workshop in October/November, in which the resource persons from the Universities and NAAC, could discuss threadbare the procedures and arrive at a commonality in implementation. Therefore, Accommodation and Remuneration for the participants being the primary requirements, adequate financial support from NAAC is sought for organizing the workshop.

It is earnestly requested that NAAC may grant suitable finance resources to us so that we could plan for the requisite arrangements. We are confident that with your support and financial assistance, the workshop would be a grand success leading to proper accreditation of Sanskrit Universities and Associated Colleges.

Expecting your kind approval for the project planned, we are eager to go ahead.
