About the Dept. of Alankara Shastra

The Sanskrit language and literature are the basis of the social and cultural ethos of India. Several hymns of Rigveda are looked upon as genuine specimens of fine poetry. The first systemization perhaps started with the Natya Sutras of Bharata. This work though primarily a work on drama, marks itself as the conception for the origins of systematization of the poems as a science. Poets like Kalidasa, Dandin and others have enriched this school, with poems through their prolific writings.

Department of Alankara Shastra was established in the academic year of 2018-19 in Karnataka Samskrit University. The department is envisioned to facilitate and provide state-of-the-art education in Samskrita Alankara Studies and Research. The Department has excellent faculties who are well-versed in Alankara Shastra, Literature, Poetic Logic, Vyakarana and Indian phonetics Schools.
