Emblem

The emblem of Karnataka Samskrit University was created by a famous artist of Karnataka, Sri. Muralidhara V Rathod. The logo, as conceptualized by the honourable Vice Chancellor and the artist, is unique. It contains the title of the university in Devanagari, English and Kannada scripts. Devanagari script has been chosen since the university is established for the promotion of Samskrit language, literature and knowledge. Devanagari has been extensively used since ancient times for representing many Indian languages. Through Devanagari script, the University symbolises the greatness of the divine language, Samskrit. The expanse and global reach of the university is signified by the English script. The university is the dream-child of the Karnataka government. It is a representative of all Samskrit scholars of Karnataka, and also intends to nurture mutual co-operation between Samskrit and Kannada languages. This is signified by the use of Kannada script in the logo.

The bird used in the logo is Peacock, the National bird. The peacock represents beauty and creativity. The vast expanse of knowledge which will be nurtured by the university is symbolically represented by this peacock. It emphasizes the vision that human life should be entwined inseparably with knowledge.

Motto for the university has been chosen from Mahabharata of Vedavyasa. The motto has been represented in Devanagari script in the logo. 'prajvālito jñānamayaḥ pradīpaḥ' indicates the supremacy of knowledge. This motto represents the objective of the university to unite ancient and modern knowledge systems. The lamp of knowledge should light up this world, going beyond place and time – this is the objective. This lamp will never be extinguished. It is not fueled by oil, but by knowledge itself, and will continue to burn forever. The logo and motto of the university represent this dream, with which the university has been set up.

Prof Shivani.V

Designation: Professor

Specializations : Sanskrit Vyakarana

Dept. of Vyakarana

Language is an essential communication tool that helps in conveying one's thoughts with others. Grammar is the heart and soul of any language. Sanskrit Vyakarana (as Grammar is called in Sanskrit) is no exception.

The Department of Vyakarana at Karnataka Sanskrit University was started in the year 2019 under the able leadership of Prof. Shivani V. Since then, the department has been preparing students to participate in Vakyarthasadas, a traditional endeavour to preserve and generate knowledge in Sanskrit Sastras, conducting Communicative Sanskrit classes to students to improve their communicative skills in Sanskrit.

At KSU, Philosophy of Grammar is a key subject of study; it is explored through various classical and shastraic texts such as VaiyakaranaBhushanSara, ParamaLaghuManjusha, Vakyapadeeyam, etc.

The foundation of Vyakarana is Panini's Ashtadhyayi. To understand the Ashtadhyayi model, texts such as VaiyakaranaSiddhantaKaumudi, ParibhashenduShekhara, Mahabhashyam etc are studied.

The Faculty Members are active in Propagation and Promotion of Sanskrit Studies in Karnataka. The Department extends both deep and wider knowledge to the students as the syllabus covers both the traditional and modern aspects of Sanskrit Grammar and related subjects. Optional and elective courses offered to other Departments focus on interdisciplinary aspects.

Needless to say that, KSU would make all efforts to strengthen the Vyakarna Department, to be a leader in computational linguistics.

Mission and Vision of the Department

- A student completing courses from the Department of Vyakarana will be able to understand the fundamental process of Ashtadhyayi, identify and generate correct words as per Paninian grammar, and delve into the subjects of Philosophy of Grammar and Shabdabodha.
- The student will be able to read and comprehend the shastraic texts (granthas) by the end of the course.
- The student will understand the linkages between Vyakarana and other fields of Sanskrit such as Nyaya, and appreciate its position as one of the six Vedangas.

## **Title of Project: An Interpretable Unified Framework for Text-to-Text Translation among Indian Languages using Sanskrit-based Interlingua Representation.**

The project aims at developing a linguistically faithful and interpretable translation system for the translation of text among multiple Indian languages. The project proposes to use an Interlingua framework rooted on the traditional grammatical system of Sanskrit. The project will focus on Hindi, Sanskrit and Kannada as a representative subset of the Indian languages such that any observations and research innovations catering to one or more of these languages would benefit other languages. Towards this primary objective of text-to-text translation, the project will have the following sub-objectives

### **The sub-objectives are:**

- a) Develop an explainable interlingua interpreter that can capture linguistic characteristics of the languages considered under the framework and facilitate translation among these languages
- b) Develop a text-to-text (T2T) translation module for translation among text in different languages and the interlingua structure.
